ABOUT ME

I am a Full-Stack Developer with passion in solving problems and the implementation of efficient solutions. I mainly work with full stack applications, but can work my way in a full front or backend space without struggles thanks to my formation and experience. Some of my projects include developing APPUNTO with QU-AI Technologies and the web application for my Taekwondo club.

WORK EXPERIENCE

- **2025**
QU-AI Technologies, Internship
Full Stack Developer
 - Development of the app APPUNTO.
 - Implementing real time Whatsapp messaging in the app using WAHA.
 - Work with Databases, both designing and mantaining them.
 - Help the CTO in product design, looking to solve problems before we encountered them.

PERSONAL PROJECT

- **2025 - Present**
Taekwondo Mario Gutiérrez
 - Create and design a webpage for my Taekwondo gym, where I have been teaching for 5 years now.
 - Develop a way for students to chat in app, as well as being able to see their data.
 - Unify all the documentation needed in one place.
 - Students have a way to track their progress so they know how close they are to taking an exam.

EDUCATION

- 2024 - 2026**
UNIVERSIDAD EUROPEA
 - Máster en Desarrollo de Aplicaciones Web
- 2018 - 2025**
UNIVERSIDAD REY JUAN CARLOS
 - Grado en Comunicación Audiovisual
 - AVG: 7.3
